Cultivating the Soil of Your Loved Ones Heart through Prayer

Ever overwhelmed by frustration; the sense that you can't do ANYTHING to help? Nothing frustrates more than watching your loved ones drift away from God.

In this practical, workshop -- speaker and prayer warrior Debra Bosacki shares how the Master Gardener revealed the way for her -- and YOU -- to cultivate the ground of your wayward loved ones' hearts ... together with Him in His garden, *the Garden of the Heart*.

Here you'll learn how to cultivate the heart, pull down strongholds that are keeping your loved ones from God and plant seeds of prayer. If prayer in the past has been boring and tedious, get ready for an exciting adventure as you watch God, the Master Gardener, bring forth His beauty into the hearts of others. The scriptures portray God as the Master Gardener planting, watering and nurturing His people; and reveals how He calls us to be co-laborers in His garden—the heart.

For they are transplanted into the Lord's own garden and are under His personal care. Psalm 92:13 (TLB)

This non-denominational, faith based workshop concentrates on the different aspects of prayer using the scriptural analogy of the heart of man as a garden, and the Word of God as the seed to be sown into the heart. Using God's Word and personal stories, Debra teaches the importance of aiming your prayers for the heart, instead of only at the circumstances.

Whether you till earthy soil or not, you can learn how to be a gardener in God's garden – the heart.

Join noted speaker, author, life coach, and spiritual journaler, Debra Bosacki in cultivating the hearts of your wayward loved ones through prayer.

So let's cultivate the hard ground of our loved ones' hearts, pull weeds and strongholds, plant the seed of God's Word and water it with our faith. It's never too late to get started! -- Debra

What Others Are Saying

"We recently had Debra speak at our retreat for our ordained women in ministry. It was obvious from the start of our time together that she'd sought the Lord and received wisdom from Him. Debra seemed to "know" what we needed and her teaching was not only challenging, but beautifully enriching and encouraging. Her prayer ministry was powerful and healing for us. She engaged with our women on a personal level with conversation and fellowship. As she shared the events of her life and how the Lord used those times to cause incredible growth and insight, we could all relate to the struggle we have as women striving to live lives of service and ministry. We look forward to having Debra back!" -- Susan Bukiewicz, Lt. Colonel, Director of Women's Ministries Officer Development, The Salvation Army Metropolitan Division (Chicago, IL)

"My heart and my mind are renewed. The reference to garden and our heart truly spoke to my heart and gave me a fresh perspective. The Word which was spoken today through the speakers increased my faith to use it. Victory is ahead!" -- Marilyn, Plymouth, WI

"You have been an inspiration. I can't wait to see you in Oconomowoc! Your resources in the folder are excellent and subtle reminders of our Master Gardener. The journaling exercises really made an impact. I am beginning to "hear". Thank you for sharing." -- Lois, LaCrosse, WI
