Journal to Find Deeper Intimacy with God, Healing and Spiritual Growth

The Write Way To Knowing God is a life-changing workshop created specifically with women in mind. *The Write Way*, provides the tools for women to examine their heart, find intimacy with God and gain greater insights about themselves through the process of journaling. This workshop's focus is the HEART; a healed heart that knows God and seeks Him in order to walk fully in His purpose.

Learning to examine our heart is a critical component of emotional and spiritual growth and health. Proverbs 4:23 NLT says, "Guard your heart above all else, for it determines the course of your life."

The Bible is filled with great men of God who modeled journaling. During *The Write Way to Knowing God Workshop*, Debra unfolds these truths and makes them applicable to woman everywhere.

By using scriptural teaching, personal experiences and written exercises, she teaches women how to release their emotions to God, listen for His response, experience healing as they meet God on the pages of their life.

This non-denominational, faith based workshop helps women discern the *Fingerprints of God* in their life, so they can join Him in what He is doing.

Debra's contagious passion for God and her transparent -- faith-filled message of healing will stir participants to rekindle their passion for intimacy with God. As an author, speaker and Life Coach, Debra challenges women to become the women that God intended them to be.
